Profile

A dedicated Full Stack Developer specializing in building scalable and efficient web applications. Skilled in designing seamless, responsive solutions that integrate front-end and back-end technologies. Proven ability to drive technical excellence and deliver business value through maintainable, high-performance software. Committed to leveraging expertise to contribute to dynamic software development teams.

Professional Experience

Information Technology Institute (ITI)

Full Stack Web Development using .NET – 4 Month Scholarship 2025 June – Present
Intensive training in backend development using C#, OOP, ASP.NET Core, ASP.NET MVC, Web API, Entity Framework, and SQL Server.
- Intensive training in frontend development using HTML, CSS, JavaScript (ES6+), TypeScript, Bootstrap, and Angular framework.

Black horse courses academy

Front-End Developer Intern 2025 March –2025 May
- Collaborated with a team to improve UI and implement interactive components
- Developed responsive websites using HTML5, CSS3, Bootstrap, JavaScript, React.js, Next.js .

(ACM/ICPC) HIET Luxor Community

ICPC community aims to help student to learn and share knowledge in problem and data structures and algorithms and compete competitive Programming competitions.

Solved +260 algorithmic problems on online judges like Codeforces. [Visit my account](#)

- **Problem solving team leader** 2020 Sep -2021 May

- Supervised and mentored a student team in problem solving.

- **Head of technical team** 2022Sep -2023 May

- Manage instructors and give some lectures.

Projects

My Portfolio

live demo: <https://mohamed-wahed-portfolio.netlify.app>

source code: <https://github.com/Mohamed-Wahed-Ramadan/Front-end-self-study-projects>

A responsive and animated portfolio site showcasing projects, skills, and personal info.

- Features include interactive UI, dynamic animations, contact form (via EmailJS), and creative SVG effects wrapping text around profile image.
- **Tech stack:** HTML, CSS, Bootstrap, JavaScript, EmailJS, React.js, GSAP.

E-commerce

live demo: <https://menu-restaurant-wahed.netlify.app/signup.html>

source code: <https://github.com/Mohamed-Wahed-Ramadan/Front-end-self-study-projects>

A dynamic food ordering platform with full user and admin functionalities:

- Users can browse menus, manage carts, add favorites, and view real-time pricing.
- Admin **dashboard** enables product management (create/add/edit/delete) with secure access.
- Automatic email invoicing sent to both customer and owner using EmailJS.
- **Tech stack:** HTML, CSS, Bootstrap, JavaScript, EmailJS.

The Market

live demo: <https://fanciful-bublanina-325d5c.netlify.app/home.html>

source code: <https://github.com/Mohamed-Wahed-Ramadan/Front-end-self-study-projects>

- Developed a full-featured e-commerce website that allows users to register, browse products, and manage their shopping cart with add and remove functionalities. Designed for optimal performance across all devices using responsive web design principles.
- Implemented lazy loading for images and components to optimize page speed and reduce initial load time.
- **Tech stack:** HTML, CSS, Bootstrap, JavaScript.

Architectural Company Website

live demo: <https://thriving-gumption-303d40.netlify.app>

source code: <https://github.com/Mohamed-Wahed-Ramadan/Front-end-self-study-projects>

- Designed a modern, responsive website for an architectural firm, featuring a clean layout and a dedicated news section to showcase company updates. Ensured full compatibility across all screen sizes.
- Focused on creating an intuitive user interface that reflects the company's brand identity while maintaining high performance and accessibility standards.
- **Tech stack:** HTML, CSS, Bootstrap, JavaScript.

Skills

Technical Skills

Languages: C, C++, C#.

Backend: TypeScript, .NET 5, 6, 7, 8, 9, Entity Framework core, ASP.NET Core, ASP.NET MVC, Web API.

Frontend: HTML, CSS, Bootstrap, JQuery, JavaScript, Angular, React.js, Next.js, Awesome, EmailJS, GSAP.

Database: SQL Server, MongoDB.

Developer tools: Git, GitHub, Docker.

Concepts: Algorithms, Data Structures, OOP Principles.

Soft Skills

Effective Communication | Team Collaboration | Problem Solving & Critical Thinking | Adaptability & Flexibility | Attention to Detail | Time Management | Fast Learner | Analytical Thinking.

Education

The Higher Institute of Engineering & Technology – Luxor

2018 - 2023

Bachelor's in Communications & Electronics Grade : **Very Good**

Graduation Project : ROV (Remotely Operated Underwater Vehicle) Grade : **Excellent**

Languages

Arabic: Native

English: B2
